

 **Job Opportunity: IT Solution Architect & Designer (ERP / Retail Focus)**

 **SOC 2020 Code:** 2133 – *IT Business Analysts, Architects & Systems Designers*

 **Employer:** APRICOT IT LIMITED

 **Website:** www.apricot-it.co.uk

 **Salary Range:** £42,900 – £55,500 per annum

 **Employment Type:** Full-Time, Permanent

 **Location:** London & Surrounding Areas (Hybrid working available)

 **Application Deadline:** 25/10/2025

About Us

At **APRICOT IT LIMITED**, we specialise in delivering innovative technology solutions that help businesses thrive in fast-changing markets. Our expertise lies in designing and implementing **ERP and SaaS solutions** for the retail sector, enabling clients to transform operations, improve efficiency, and enhance customer experience.

We are proud to be a forward-thinking consultancy with a collaborative culture, and we welcome applications from candidates who may require **Skilled Worker visa sponsorship**.

The Role

We are seeking an **IT Solution Architect & Designer** with deep knowledge of **ERP for Retail** to lead the design and delivery of large-scale transformation programmes. This is a client-facing role, requiring strong technical design expertise, business acumen, and the ability to bridge the gap between stakeholders and delivery teams.

Key Responsibilities

- Design and deliver **end-to-end ERP Retail solutions** (ERP / SaaS), aligned with client goals and industry best practice.
- Collaborate with **sales and management teams** to shape solution proposals and bids.

- Lead **requirements workshops, stakeholder engagement sessions, and design discussions.**
- Define **solution blueprints, integration strategies, and technical documentation.**
- Ensure solutions are **scalable, secure, and aligned with enterprise architecture standards.**
- Provide **governance and quality assurance** across programme lifecycles.
- Support **data migration, testing strategies, and cutover planning.**
- Act as a **subject matter expert (SME)** in ERP for Retail, POS, payments, and omnichannel order management.

Key Skills & Experience

Essential

- Proven background in the **retail food industry**, with hands-on experience in **ERP for Retail.**
- Demonstrated success in **solution architecture and programme delivery** across transformation projects.
- Strong knowledge of **integration tools & technologies** (IDoc/ALE, APIs, middleware).
- Expertise in **project lifecycle management** (Agile, Waterfall, Hybrid).
- Ability to deliver **clear blueprints, RTMs, and functional specifications.**
- Excellent communication skills, with the ability to engage both technical and non-technical stakeholders.

Desirable

- Certifications such as **TOGAF, AWS Solutions Architect, Azure Architect.**
- Familiarity with **cloud-native ERP solutions**, microservices, and event-driven architecture.
- Understanding of **compliance frameworks** (GDPR, PCI DSS, ISO27001).

- Experience with **emerging technologies in retail** (AI, real-time analytics, IoT).

What We Offer

- Competitive salary between **£42,900 – £55,500 PA** (Skilled Worker visa eligible).
- Opportunity to work on **high-impact retail transformation programmes**.
- Professional development and support for industry-recognised certifications.
- Hybrid working flexibility in London & surrounding areas.
- A collaborative culture with opportunities to grow and innovate.

How to Apply

Submit your **CV and cover letter** via our website: www.apricot-it.co.uk.

Email to - info@apricot-it.co.uk

 **Application Deadline: 25/10/2025**

Interviews may be conducted on a rolling basis, so early applications are encouraged.
